Chix Pix is about girls dishing on things that we love....from Vikki's favorite lip gloss to a listener's new trendy diaper bag. We love to pass along these tid bits to our listeners and do so every Friday morning in the 7 AM hour. Please feel free to email us with your favorite "must-haves" to [vikki@star94.com](mailto:vikki@star94.com).

### Zodiac Pendants

Date: June 08, 2007

Vikki's pick - My pick this week is for those of you who just love astrology (like our producer Rachel). Show off your Zodiac sign by wearing one of the coolest pendants in town from Mickey Lynn Designs' "Lucky Star Collection." Each silver pendant is hand-made and available on a variety of chains including 14K filled, 14K and Sterling Silver. The collection is available on-line at "[www.mickeylynn designs.com](http://www.mickeylynn designs.com)" and in area boutiques such as Mitzi & Romano's Shoebox and Veruca Boutique.
